**5 min**            **Welcome/introductions**

**10 min**          **LAP Tool overview/ultimate outcomes**

**5 min**            **Advisory Group purpose**

- Develop the conceptual approach/designs of the LAP Tool to ensure usability amongst HCCC partners
- Develop prioritization criteria and an analytical approach for incorporating desired data inputs
- Identify pilot focus areas to prioritize for the LAP Tool's application
- Troubleshoot the LAP Tool's accuracy and advise on improvements, as necessary
- Develop recommendations identifying policy areas of focus and opportunities for habitat restoration, protection, and land use policy improvements to align with IWP goals and objectives for the next phase of this effort (beyond this grant)

**1 hr 30 min**    **Questions to inform LAP Tool development**

- Usefulness
  - o How can the LAP Tool be useful to you so you use it?
  - o What kind of analysis/data are you currently using in your watershed planning decisions?
  - o What watershed planning analysis/data do you want but do not have that would be useful to have in the LAP Tool?
- Land management and the relative protection of land
  - o How can the LAP Tool objectively communicate/symbolize the protection levels afforded by different land management regimes while avoiding value judgments?
  - o How can changing the way land is managed serve to meet your watershed planning goals?
- Determine what ecologically sensitive criteria the LAP Tool should focus on
- Where should the LAP Tool be piloted?

**10 min**          **Next steps/adjourn**
